FABTECH TECHNICAL CAMPUS - COLLEGE OF ENGINEERING & RESEARCH

NOTES FORMING PART OF ACCOUNTS

1. In general the accounts are prepared in accordance with generally accepted accounting principles. The Trust follows mercantile systems of accounting. Accounts of the trust are maintained in accordance with the provision of the Bombay Public Trust Act, 1950 and the rules made there under.
2. Fixed Assets are stated at cost of acquisition or construction less accumulated depreciation. Costs include all costs incidental to acquisition, installation and commissioning of the asset.
3. In case of newly acquired/ constructed assets, interest on borrowings and financing costs of specific loans, pertaining to those assets prior to assets put to use are capitalized and included in the cost of asset.
4. Depreciation has been provided in the books of accounts on a written down value basis at rates provided in Income Tax Act, 1961. However depreciation is computed as per generally accepted accounting principles & not as per "block of asset" method in Income Tax Rules.
5. The balances of some of the parties are being subject to confirmation.
6. Cash balances have been taken as certified by the Trustees and have not been verified by us. The control on issue of cash receipt books should be strictly enforced.
7. The Trustees have assured that though the expenses of the trust are currently in excess of its annual income, it is still a going concern based on its huge assets position and the support of the sponsoring organizations of the trust.
8. Figures of the previous years have been regrouped and reclassified wherever necessary.

FABTECH TECHNICAL CAMPUS - COLLEGE OF ENGINEERING & RESEARCH

NOTES FORMING PART OF ACCOUNTS

1. In general the accounts are prepared in accordance with generally accepted accounting principles. The Trust follows mercantile systems of accounting. Accounts of the trust are maintained in accordance with the provision of the Bombay Public Trust Act, 1950 and the rules made there under.
2. Fixed Assets are stated at cost of acquisition or construction less accumulated depreciation. Costs include all costs incidental to acquisition, installation and commissioning of the asset.
3. In case of newly acquired/ constructed assets, interest on borrowings and financing costs of specific loans, pertaining to those assets prior to assets put to use are capitalized and included in the cost of asset.
4. Depreciation has been provided in the books of accounts on a written down value basis at rates provided in Income Tax Act, 1961. However depreciation is computed as per generally accepted accounting principles & not as per "block of asset" method in Income Tax Rules.
5. The balances of some of the parties are being subject to confirmation.
6. Cash balances have been taken as certified by the Trustees and have not been verified by us. The control on issue of cash receipt books should be strictly enforced.
7. The Trustees have assured that though the expenses of the trust are currently in excess of its annual income, it is still a going concern based on its huge assets position and the support of the sponsoring organizations of the trust.
8. Figures of the previous years have been regrouped and reclassified wherever necessary.

ACCOUNTING POLICIES AND NOTES FORMING PART OF ACCOUNTS

1. In general the accounts are prepared in accordance with generally accepted accounting principles. The Trust follows mercantile systems of accounting. Accounts of the trust are maintained in accordance with the provision of the Bombay Public Trust Act, 1950 and the rules made there under.
2. Fixed Assets are stated at cost of acquisition or construction less accumulated depreciation. Costs include all costs incidental to acquisition, installation and commissioning of the asset.
3. In case of newly acquired/ constructed assets, interest on borrowings and financing costs of specific loans, pertaining to those assets prior to assets put to use are capitalized and included in the cost of asset.
4. Depreciation has been provided in the books of accounts on a written down value basis at rates provided in Income Tax Act, 1961. However depreciation is computed as per generally accepted accounting principles & not as per "block of asset" method in Income Tax Rules.
5. The balances of some of the parties are being subject to confirmation.
6. Cash balances have been taken as certified by the Trustees and have been verified by us. The control on issue of cash receipt books should be strictly enforced.
7. The Trustees have assured that though the expenses of the trust are currently in excess of its annual income, it is still a going concern based on its huge assets position and the support of the sponsoring organizations of the trust.
8. Figures of previous years have been regrouped and reclassified wherever necessary.

ACCOUNTING POLICIES AND NOTES FORMING PART OF ACCOUNTS

1. In general the accounts are prepared in accordance with generally accepted accounting principles. The Trust follows mercantile systems of accounting. Accounts of the trust are maintained in accordance with the provision of the Bombay Public Trust Act, 1950 and the rules made there under.
2. Fixed Assets are stated at cost of acquisition or construction less accumulated depreciation. Costs include all costs incidental to acquisition, installation and commissioning of the asset.
3. In case of newly acquired/ constructed assets, interest on borrowings and financing costs of specific loans, pertaining to those assets prior to assets put to use are capitalized and included in the cost of asset.
4. Depreciation has been provided in the books of accounts on a written down value basis at rates provided in Income Tax Act, 1961. However depreciation is computed as per generally accepted accounting principles & not as per "block of asset" method in Income Tax Rules.
5. The balances of some of the parties are being subject to confirmation.
6. Cash balances have been taken as certified by the Trustees and have been verified by us. The control on issue of cash receipt books should be strictly enforced.
7. The Trustees have assured that though the expenses of the trust are currently in excess of its annual income, it is still a going concern based on its huge assets position and the support of the sponsoring organizations of the trust.
8. Figures of previous years have been regrouped and reclassified wherever necessary.

ACCOUNTING POLICIES AND NOTES FORMING PART OF ACCOUNTS

1. In general the accounts are prepared in accordance with generally accepted accounting principles. The Trust follows mercantile systems of accounting. Accounts of the trust are maintained in accordance with the provision of the Bombay Public Trust Act, 1950 and the rules made there under.
2. Fixed Assets are stated at cost of acquisition or construction less accumulated depreciation. Costs include all costs incidental to acquisition, installation and commissioning of the asset.
3. In case of newly acquired/ constructed assets, interest on borrowings and financing costs of specific loans, pertaining to those assets prior to assets put to use are capitalized and included in the cost of asset.
4. Depreciation has been provided in the books of accounts on a written down value basis at rates provided in Income Tax Act, 1961. However depreciation is computed as per generally accepted accounting principles & not as per "block of asset" method in Income Tax Rules.
5. The balances of some of the parties are being subject to confirmation.
6. Cash balances have been taken as certified by the Trustees and have been verified by us. The control on issue of cash receipt books should be strictly enforced.
7. The Trustees have assured that though the expenses of the trust are currently in excess of its annual income, it is still a going concern based on its huge assets position and the support of the sponsoring organizations of the trust.
8. Figures of previous years have been regrouped and reclassified wherever necessary.

FABTECH TECHNICAL CAMPUS – COLLEGE OF ENGINEERING & RESEARCH

ACCOUNTING POLICIES AND NOTES FORMING PART OF ACCOUNTS

1. In general the accounts are prepared in accordance with generally accepted accounting principles. The Trust follows mercantile systems of accounting. Accounts of the trust are maintained in accordance with the provision of the Bombay Public Trust Act, 1950 and the rules made there under.
2. Fixed Assets are stated at cost of acquisition or construction less accumulated depreciation. Costs include all costs incidental to acquisition, installation and commissioning of the asset.
3. In case of newly acquired/ constructed assets, interest on borrowings and financing costs of specific loans, pertaining to those assets prior to assets put to use are capitalized and included in the cost of asset.
4. Depreciation has been provided in the books of accounts on a written down value basis at rates provided in Income Tax Act, 1961. However depreciation is computed as per generally accepted accounting principles & not as per "block of asset" method in Income Tax Rules.
5. The balances of some of the parties are being subject to confirmation.
6. Cash balances have been taken as certified by the Trustees and have been verified by us. The control on issue of cash receipt books should be strictly enforced.
7. The Trustees have assured that though the expenses of the trust are currently in excess of its annual income, it is still a going concern based on its huge assets position and the support of the sponsoring organizations of the trust.
8. Figures of previous years have been regrouped and reclassified wherever necessary.
